Infotech Enterprises inaugurates Engineering Design facility for ALSTOM Transport in Bangalore

Bangalore, India, 27th September 2005: - Infotech Enterprises Limited (BSE: INFOENT, NSE: INFOTECENT), a global Design Engineering firm today inaugurated its second design facility in Bangalore. The state of the art high-tech center was inaugurated by **Dr. Jat Taufiq, Product Development Director, Rolling Stock Engineering, Alstom Transport.**

The new facility of 8,000sqft is located at Koramangala, Bangalore and has the capacity to house 200 personnel. Infotech has earlier signed a 5 year agreement with ALSTOM Transport to provide Engineering Design and Analysis, Technical Publication, Embedded and Engineering Software Development Services. The agreement was signed between **Mr. Gerard Blanc, Chief Operating Officer of ALSTOM Transport, and Mr. Sudhir Sethi, President & Executive Director, Infotech Enterprises** in Paris earlier.

Infotech Enterprises has an existing facility in Bangalore with a capacity of 200 personnel. The second facility enables Infotech to have 400 engineers in Bangalore.
